Building site to Roma

Ref. v45-3435

New apartments ready for delivery in a very modern residential complex, with gardens and condominium spaces; the building intervention provides a technologically advanced solution, with the application of active and passive systems for energy saving and eco-sustainable. Ventilated facades, insulated perimeter walls, acoustic insulation panels, photovoltaic panels and solar panels for the production of hot water, latest generation boilers are just some of the solutions adopted.
The building complex is located between via Matteo Tondi and Via di Pietralata, in a large urban area undergoing major redevelopment, where there are already numerous services: the prestigious LUISS university campus, schools, clinics, shopping centers at 150 m , parks and parish complexes. The city center is easily reachable through the Tangenziale Est, the stops of line B (Pietralata); GRA and A24 can be reached in a few minutes.
